The game is played with a deck of 52 cards. The cards are divided into four suits: hearts, diamonds, clubs, and spades. Each suit contains 13 cards, ranked from 2 to ace.

To start the game, each player is dealt 13 cards. The remaining cards are placed in a pile in the center of the table.

On their turn, a player can play one or more cards from their hand. The cards must be played in suits, and they must be played in ascending or descending order. For example, a player can play a 3 of hearts, a 4 of hearts, and a 5 of hearts.

If a player cannot play any cards, they must draw a card from the pile in the center of the table.

The game continues until one player gets rid of all of their cards. That player wins the game.
