I'm not sure what I'm doing with my life. I'm in my mid-thirties, I have a good job, I'm in a long-term relationship, and I'm generally happy. But there's something missing. I feel like I'm not living up to my potential. I'm not making a difference in the world. I'm just going through the motions.

So I decided to do something about it. I quit my job, sold my apartment, and bought a one-way ticket to Thailand. I'm going to travel the world and figure out what I really want to do with my life.

I've been on the road for a few months now, and I've already had some amazing experiences. I've met interesting people, seen incredible things,

and learned a lot about myself. But I've also had some WTF moments. Moments when I've wondered what the hell I'm doing with my life.

Like the time I got lost in the jungle and had to spend the night in a tree. Or the time I got food poisoning and spent three days in a hospital. Or the time I was robbed by a monkey. (Yes, a monkey.)

But even in those moments, I've never regretted my decision to travel. Because I know that I'm on the right path. I'm finally living my life on my own terms. And I'm finally starting to figure out what I want to do with my life.

This novel is a collection of my WTF moments from my travels. It's a funny, heartwarming, and ultimately inspiring story about one man's journey to find his purpose in life.

Here's a sneak peek:

"I'm not sure what I'm doing with my life." I said to myself as I sat on the edge of the cliff, looking out at the ocean. "I'm in my mid-thirties, I have a good job, I'm in a long-term relationship, and I'm generally happy. But there's something missing. I feel like I'm not living up to my potential. I'm not making a difference in the world. I'm just going through the motions."

I took a deep breath and closed my eyes. I could hear the waves crashing against the rocks below, and the wind blowing through the trees. I felt the sun on my face, and the salt from the ocean on my lips.

When I opened my eyes, I knew what I had to do. I was going to quit my job, sell my apartment, and buy a one-way ticket to Thailand. I was going to

travel the world and figure out what I really wanted to do with my life.

I was scared, but I was also excited. I knew that this was the right decision for me. I was finally going to take control of my life and live it on my own terms.

I stood up and walked back to my car. I got in and started the engine. As I drove away, I could feel the weight of the world lifting off my shoulders. I was finally free.

I've been on the road for a few months now, and I've already had some amazing experiences. I've met interesting people, seen incredible things, and learned a lot about myself. But I've also had some WTF moments. Moments when I've wondered what the hell I'm doing with my life.
